Canadian Preference Is \$30,000,000

COURTIER OF THE EMPIRE ENJOY GOOD BENEFIT

Of Total Imports, Goods Valued at \$37,151,606, Entered Free

OTTAWA, Aug. 10.—Preference granted by Canada to Empire countries amounted to \$20,000,000 during the year ended March 31, 1951, according to the preliminary trade report issued Tuesday. This was estimated as the difference between the duty collected under the preferential tariff and what would have been collected under the standard tariff. The difference between the preference and the standard tariff would have been \$17,151,606.

Total Empire imports for the year under the preferential tariff amounted to \$14,362,000. The duty collected amounted to \$18,125,230. At an average rate of 12.6 per cent, 12.6 per cent of the estimated duty for the year would have been \$18,125,230. The total imports which would have been \$18,125,230, and a general tariff of \$20,000,000, would have been \$38,125,230. The difference between the two is \$18,125,230.

The most important goods imported from the British West Indies, under the preference, were sugar, valued at \$7,745,700, being dutiable, bringing a revenue of \$1,200,000. A further \$7,745,700, under a general tariff, would have brought a revenue of \$1,247,446.

MUD SPLASHER HAS FAITH IN OTTAWA PARLEY

Pays Court

Playful auto drivers with a penchant for humor who seem to delight in speeding past other cars and pedestrians and plastering them with liquid mud grime, are liable to find themselves in court as so pot as W. E. Plett, who, Tuesday afternoon paid a fine of \$15 and costs rather than go to jail for 30 days, after being found guilty of the charge of reckless driving. Crown Prosecutor Charles Bennett announced that police would be on the lookout for handprints for such mud splatters.

Evidence adduced revealed that Plett driving a coal truck and tagging along third in a line of cars on a muddy road in the vicinity of the city decided to pass. Speeding up he tore through a mud puddle and transferred the grime from the road to the front end of the car he was passing. Wreath, the other driver gave chase and at the end of a few minutes had the end of his car became mired in deep mud. The worsted motorist asked Plett to stop or whether Plett would clean up the mess or not. Plett refused in the charge and conviction of reckless driving.

Hearing the verdict of the court Plett made the point, "What am I to do? I have to go to jail for 30 days. You will have to find a lot of money to keep my truck out of the Magistrate's lot."

STIMSON PLEA INTERPRETED IN BEST OF FAITH

League Commentators See Likelihood of U.S. Co-operation

SECRETARY, Aug. 10.—United States Secretary of State Henry L. Stimson's New York speech was interpreted by League of Nations commentators today as a subtle but cordial—although independent—cooperation with the league by the United States.

League commentators especially emphasized what they declared was a reversal of the attitude of the United States in the past, as well as realization by Stimson that consultation by the United States on world problems is inevitable.

The address was considered of special significance in view of the political differences in South America and the unsettled problems of the far east.

In the future, it was declared, the attitude of the United States will be to support in advance the policy of the league, and to call for action by the league. Thus, league commentators said, a positive issue for the future will be removed.

Colored Stimson's reiteration of the policy of refusing to recognize a government set up by force by means contrary to the league's policy, was considered of particular importance in view of the forthcoming report of the league's commission to inquire into the far eastern conflict.

INSURANCE AGENT FIGURES IT OUT

When Somethin' 'll Happen

CALGARY, Aug. 10.—"Why, you never know when something will happen," declared an insurance man in a restaurant here today when he was asked to sign a contract for a life insurance policy.

"No," replied the high-pressure agent, "you never can tell when it will happen."

An explanation occurred about that time. The insurance man's pipe fell from his mouth and he was talking to the waiter.

"Something happened when he lit the pipe. A bullet passed through his head and he died."

INSURANCE AGENT FIGURES IT OUT

When Somethin' 'll Happen

CALGARY, Aug. 10.—"Why, you never know when something will happen," declared an insurance man in a restaurant here today when he was asked to sign a contract for a life insurance policy.

"No," replied the high-pressure agent, "you never can tell when it will happen."

An explanation occurred about that time. The insurance man's pipe fell from his mouth and he was talking to the waiter.

"Something happened when he lit the pipe. A bullet passed through his head and he died."

City Council Supports Cutting Of Relief Allowances

Claim Slashing Of Relief \$1 Per Week Is Fully Justified

Take Stand That Indigent Families Securing Some Food From Gardens

Supporting city commissioners in their action in cutting \$1 from relief allowances for the receipt of food from gardens.

This matter was brought before the attention of the meeting by Jan. 14, 1932, by a delegation representing the United Workers' union of Edmonton, who protested against the cut.

This reduction does not affect those receiving relief for the relief in the amount of \$4 or under per week. But those who have all received a straight cut of \$1.

RELIANCE ALLOWANCE
Mr. Lakenham stated that the reduction had amounted to \$1 between 18 and 20 cents per week. He had also been cut as much as 23 per cent, families in many cases being allowed \$10 for rent.

Mr. Lakenham stated that this step had created "havoc" among the indigent.

According to a report received from officials of the relief department, there are about 1,800 families affected by the reduction of \$1. It was stated that there had been very few complaints in this connection.

Commissioner David Mitchell informed council that families receiving relief had been informed early in the year that if garden work was done, the allowance would be reduced.

New Organ To Be Heard Over Radio Tonight

Howard and McBride Install New Casavant Organ

In keeping with their policy of offering the people of Edmonton the last word in modern musical instruments, Howard and McBride have installed one of the latest Casavant organs in their chapel.

This instrument was especially chosen for the chapel. The installation was made under the supervision of C. Penin & Son, local Casavant representative. The organ will be used in connection with every funeral service. The case is of oak, the pipes of the swell, great and pedal organs are concealed by a grill which also is made to conform with the interior architecture of the chapel. The mellow tone of this beautiful instrument will be heard from time to time this winter over local radio broadcasts.

Starting at 7:45 the organ will be heard over CICA, from which station it will be broadcast by remote control.

Effective Monday, August 1, all allowances for relief will be reduced by 18 per cent.

There is a possibility that the \$1 cut from relief allowances to families in receipt of relief will be added to the allowances again next fall providing that civic finances are abundant, according to information received Wednesday from Mayor D. K. Kinn.

Reason for the reduction is found in the fact that the officials believe garden produce raised by the city will be sufficient to substitute for the \$1 cut.

AGED SUPER UPSETS DOPE AT CONNAUGHT

Scoring 319 for three wickets against 59 all out, the touring Australian cricket team trounced the second of Hamilton's all star teams in a splendidly played match at the South Side Athletic Park on Tuesday.

Don Bradman had amassed a total of 159 runs, not out, when the game was called.

Another glorious day, according to find Perry Barker completing his task with the fine pitch which was provided for our visit.

The umpires, Neale and Al Mooney, were there and young cricketers from all over the district were getting in a little practice. What a beautiful day for them, and the best the cricket world can offer.

ST. LOUIS, Aug. 10.—Vernon Lefly Gomez, New York Knickerbocker, won the 100-yard dash at the victory of the season yesterday with a time of 15.4 seconds, the same as the runner, defeating the Brooklyn Dodgers.

Gomez added eight lofts, two of which were homers, to his record of 10, which he closed his season in the sixth place. For Gomez and himself to provide the margin of victory, Sewell batted in the eighth round with a double and a fly.
